

Hearing Protection Program Acknowledgement Form

The purpose of this program is to establish and maintain safe work practices that are intended to prevent occupational noise-induced hearing loss for relevant faculty, staff, and students.

In accordance with the [University of Wisconsin-Whitewater Hearing Conservation Program](#), our campus will be supplying faculty, staff, and students within the Music Department and the Audiology Department with hearing protective ear plugs.

The following rules apply to this program:

1. The ear plugs must be worn during any and every class that is within the Music Department or the Audiology Department that has a noise level greater than 85 dB.
2. If your first pair is lost or damaged, you must pay a replacement fee for a new pair.

By signing below, I confirm I have received a pair of hearing protective ear plugs and agree to pay the required replacement fee if these ear plugs become lost or damaged.
