Other Procurement Support	Coming soon
UW Restructuring Transition Support	Provided Procurement support for UW-Rock County during the 2018-19 transition year

Department/Area	Service Type	Savings
Human Resources	Investigations	430 hours in annual staff time savings, which translates to \$47,300+
	Sexual Misconduct Investigations	Hours in staff time savings translates to \$7,800
	Reference Checks	7-9 hours per week in annual staff time savings, which translates to approximately \$12,700 ; however what cannot be measured is the reduction in risk exposure that transfers to Shared Services
	Benefits Data Entry	15 hours per week in annual time savings, which translates to \$17,940 ; this will also improve productivity significantly
	Mandatory Employee Training	Estimated time to fully integrate and monitor compliance with UW-Shared Services mandatory employee trainings:
		Load UW-Whitewater employees (approx. 1,500) into training system with 6 modules = 8 hours Estimate that 20% employees (300 total) will need reminders (9 minutes) to complete the trainings = 45 hours
		Estimate that 5% (75 total) will be out of compliance and require follow up research & contacts (30 minutes) = 37 hours
		Savings resulting from lower risk of a fully trained, compliant workforce also contributes to greater efficiency.
		90 hours in annual time savings, which translates to \$2,500+
Purchasing	RFPs	150 hours in annual staff time savings, which translates to \$4,215+
	RFBs	55 hours in annual staff time savings, which translates to \$1,545+
Budget Office	BP – Logix Technical Support	30 hours in annual staff time savings, which translates to \$3,000+ for forms such as Funding Charters and Project Code Requests
Financial Services	BP – Logix Technical Support	Reduced cycle time to receive and process forms. Examples include Revenue, Expense, and Budget Transfer Forms, PIR, PO and Quick Order Payment Forms, as well as a Prizes, Gifts and Awards Tracking Form and Food Expense Request Form. FY19 Total A/P Vouchers (i.e. vendor invoices, PIRs, Quick Orders) = 16,700 vouchers
		FY19 Total Journal Entries (revenue/expense) = 1,606 forms FY19 Budget Transfers = 400 forms Translates to 18,706 forms across 89 Departments
		Estimated one (1) day turn-around time for mail services to receive and deliver via interoffice mail, which translates to eight (8) hour time savings per mail item. If departments interoffice mail an average of 4 forms for processing each week, total annual time savings is 1,664 hours for each department, which translates to \$46,758
