

# FACILITIES AND GROUNDS USE POLICY

**Source:** Office of the Vice Chancellor for Administrative Affairs

## 1.0 BACKGROUND

The authority, purpose, priorities, and limitations associated with the use of university facilities by university or non-university groups or individuals are established in the four documents appended to this policy:

- Wisconsin Statute 16.845 (**[Appendix A \(http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#A\)](http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#A)**)
- Wisconsin Administrative Code Chapter UWS 21 (**[Appendix B \(http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#B\)](http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#B)**)
- Wisconsin Statute 11.36(3) and (4) (**[Appendix C \(http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#C\)](http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#C)**)
- Wisconsin Administrative Code Chapter UWS 8.025 (**[Appendix D \(http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#D\)](http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#D)**)

The four documents describe in detail the State and UW System terms and conditions for using university facilities and provide the necessary context for UW-Whitewater's policy on facility use.

## 2.0 DEFINITIONS

**2.1 University Facilities**--all publicly owned or leased buildings and grounds of the State of Wisconsin, which are subject to the custody and control of the UW Board of Regents and UW-Whitewater.

**2.2 Administrative or academic units**--divisions, colleges, departments/units or functional equivalents at UW-Whitewater.

**2.3 Recognized Student Organizations**--a group of students who have organized, applied for and have been granted University recognition by the Office for Leadership Development.

**2.4 Other Recognized Organizations**--an entity which is not a University department/unit, does not account for its revenue/expenditure activity through the University, but has requested and has been granted University recognition by the Chancellor on the premise that its mission is compatible with the mission of the University (e.g., UW-Whitewater/Community Optimist Club, Campus Ministry).

**2.5 Sponsored Group or Organization**--an outside for profit or not-for-profit group or organization not recognized by the University but authorized to use the University facilities because of sponsorship by an entity described in 2.2, 2.3, or 2.4 above. Sponsorship includes the assumption of responsibility for the activity, including fiscal responsibility, and the active involvement by the sponsor.

**2.6 Building Schedule**--a schedule that defines the designated hours of operation a building is normally open to the public. These hours are to be posted on each building. (**[Building Access Policy \(/adminaffairs/police/building-supervisor-manual\)](#)**) (**[Building Access Hours \(/adminaffairs/police/building-supervisor-manual\)](#)**)

**2.7 Building Scheduler (or designee - individual designated by the Building Supervisor)** (**[Building Supervisor Policy \(/adminaffairs/police/building-supervisor-manual\)](#)**) (**[Building Supervisor List \(/adminaffairs/police/building-supervisor-manual\)](#)**) as having authority and responsibility to schedule assigned facilities in accordance with conditions described in this document. (**[Building Scheduler List \(http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#G\)](http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#G)**)

**2.8 Special Event**--Any event held in a large event venue (inside or outside) and/or requiring food service and/or requiring technical services and/or outside regular building hours or defined as a special event though the discretion of the building supervisor or reservation coordinator. (**[Special Events Policy \(/adminaffairs/police/building-supervisor-manual\)](#)**)

## 3.0 POLICY

**3.1** Each University facility has been designated for a primary function of instruction, research, public service or support. It is the policy of the University of Wisconsin-Whitewater to preserve and enhance the primary functions of its facilities through the priorities, guidelines, and procedures established in this document.

**3.2** To the extent resources permit, UW-Whitewater will recognize its commitment to the requests for facility use by the University community and residents of the state, subject to the conditions described in this document.

**3.3** All use of University facilities by outside groups or organizations must be sponsored.

**3.4** All reservations for General Access and Controlled Access space, as defined in Section 6.0, must be scheduled using the University centralized room reservation system in order to be valid and have priority established in Section 5.0.

**3.5** Building Scheduler will be designated for each campus facility to assure compliance with the requirements of the State and System documents listed in Section 1.0, and to administer the policies and procedures contained in this document. The designated scheduler will determine the appropriateness of facility use requests; schedule the building based on established priorities; determine if the activity requires multi-facility coordination through Continuing Education and administer accordingly; and determine the charges to be assessed for the use of the facility in accordance with the facility use rates.

**3.6 A University Facility Use Advisory Committee** (**<http://www.uww.edu/uwwhdbk/committees/ac-facility.htm#University%20Facility%20Use%20Advisory%20Committee>**) will be appointed as an advisory committee to the Chancellor, and will be chaired by the Vice Chancellor for Administrative Affairs who will be responsible for facility policy development and administration.

## 4.0 APPROPRIATE USE

**4.1** Facilities are most appropriately used by administrative or academic units and by organizations recognized by the university for activities of students or staff and for public events.

**4.1.1** Certain facilities are not reservable due to their specific functions (i.e. offices, storage rooms, closets, bathrooms, hallways, etc.)

**4.1.2** Certain facilities are not appropriate for scheduled use beyond their primary function for reasons of safety or security. Examples include the General Services Building, the Administrative Module of Hyer Hall, Central Heating Plant, Moraine Hall, etc.

**4.2** Facilities may also be used by groups or organizations sponsored by administrative units, academic units or organizations recognized by the University.

**4.3** The type of facility must be suitable for the requested use whether the user is a University or non-university group.

**4.4** The amount of space requested for an event must be reasonable and within the defined space capacity of the facility(s) for the requested need.

**4.5** Neither the timing nor the duration of the activity in the requested facility can conflict with the University's primary missions or the facility's priority use.

**4.6** Recognized student and campus organizations may sponsor programs that include religious topics in university facilities.

**4.7** Use of University facilities is governed by the Board of Regents policy. However, use of facilities may be granted for the purpose of conducting religious worship services primarily for university students, faculty, and staff, provided such services shall not be conducted on a regular or continuing basis.

## **5.0 PRIORITIES FOR USE OF FACILITIES**

Because the priorities for use of UW-Whitewater facilities vary according to the type of facility, the University has established the following hierarchy of priorities for use of most facilities. The Listing under each facility indicated the priority given to the activity or user group where possible. However, annual and long term commitments, by their nature, may preempt the strict priorities. Requests for an exemption from these established priorities need to be directed to the Vice Chancellor of Administrative Affairs. The Vice Chancellor will consult with the Facility Use Advisory Committee and others, as appropriate, in making the final decision. Scheduling must also provide for adequate time to perform scheduled and unscheduled maintenance activity.

### **6.0 SCHEDULING OF FACILITIES**

The Facilities and Grounds Use Policy is developed on the principle that day-to-day administration of scheduling activities will be accomplished as efficiently as possible. The designated Building Scheduler will have the authority and responsibility to schedule available facilities in accordance with the priorities and conditions set forth in this document. Requests for an exemption from these priorities and conditions need to be directed to the Vice Chancellor of Administrative Affairs. The Vice Chancellor will consult with the Facility Use Advisory Committee and others, as appropriate, in making the final decision. Continuing Education is the designated unit to coordinate multiple facility use by off-campus groups or organizations. Activities should be scheduled during designated operating hours whenever possible. For reservations beyond established building hours, all General Access space converts to Controlled Access space. The Building Supervisor and Building Scheduler have the responsibility to determine if the facility may be reserved, to schedule after-hours events using the University centralized room reservation system, and to arrange for customer access to the reserved space.

## **6.1 Definitions of Space**

### **6.1.1 Instructional Controlled Access Space**

For an instructional space to be designated as "Controlled Access" by University Administration, with space approved and reserved through a Building Supervisor or designee, the facility must meet at least one of the following criteria:

1. Health and safety code requirements: where training/supervision required for use due to specialized or hazardous equipment.
2. Specific design/function: examples include, pool, gymnasium, studios (art, music, radio, television), theatres, performance halls, labs (computer, science), Williams Center, DLK Kachel Fieldhouse, outdoor sport fields/facilities, Young Auditorium.
3. Extraordinary security needs: space determined through consultation with University Police and/or Risk Management.

### **6.1.2 Instructional General Access Space**

All other instructional space not designated as "Controlled Access".

### **6.1.3 Non-instructional Space**

All non-instructional space is designated as "Controlled Access", with space approved and reserved through a Building Supervisor or designee. Outdoor spaces not designated in 6.1.1 are considered non-instructional space. Facility use must meet appropriate use guidelines set forth in Section 4.0.

### **6.1.4 Conversion of Space Designation**

If a change in designation of a particular space is desired, contact should be made with the Campus Planner. The Campus Planner will evaluate space, based on the established criteria, to determine its appropriate designation as either Controlled or General Access space.

**6.2 Scheduling of Instructional Space** The Vice Chancellor for Academic Affairs/Provost can designate specific classrooms to college deans for priority scheduling. The dean has the ability to designate the rooms to specific departments. This means that the college/department will have the ability to assign courses in these rooms first. This space will not be considered "instructional controlled access space." The scheduling of these rooms will be made available to be scheduled by the Registrar's Office room scheduler.

**6.2.1** Scheduling of Instructional controlled space for non-university groups requires prior approval from the building supervisor or the person responsible for the space.

### **6.2.2 Scheduling of Instructional General Access Space for Instructional Use**

All instructional space (general and controlled access) is initially assigned during the process of developing the term schedule of classes. This process is coordinated by the Registrar's Office. Academic departments that wish to change a class' instructional space assignment must make a formal email request to the Registrar's Office room scheduler prior to days/dates listed in 6.2.3. when instructional space becomes available for non-instructional use.

### **6.2.3 Scheduling of Instructional General Access Space for Non-Instructional Use**

Instructional space is available for non-instructional use (conferences, meetings, presentations, etc.) and may be reserved by University departments/units and recognized student organizations beginning the sixth business day (excluding Saturdays, Sundays and holidays) after the end of the priority registration period for the respective term.

The Registrar's Office and the University Reservation Office must mutually agree upon exceptions to this schedule. The scheduling of instructional space for non-instructional use is coordinated by the University Reservation Office and space is assigned based on the following criteria:

1. Same location each time
2. Space appropriate for size of group and type of meeting
3. Space set up needs
4. Space AV/Tech equipment needs

### **6.2.4 Conflicting Space Requests:**

If there is a request to reserve instructional space that has already been assigned to another party (e.g, instructor, department, group, organization), and the requestor is not able to identify an available alternate location or is reluctant to accept an alternate location, the requestor will contact the party that has the instructional space reserved to attempt to negotiate a mutually acceptable agreement for use of the facility. If a mutual agreement is reached, the party that has the space reserved will contact the Registrar's Office Instructional Space Scheduler and authorize a change so that the University's student information and University centralized room reservation systems can be updated. If a mutual agreement cannot be reached, the requestor should follow the appeal guidelines outlined in Section 6.2.4.

Appeal Process for Resolution of Conflicting Instructional Space Requests:

The Provost or his/her designee will be the final authority for making instructional space assignment decisions. A written appeal must be filed with the Provost (or designee) and must include:

1. Contact information (name, office location, phone, email) for appellant and the individual/department/office that has the space reserved.
2. A detailed description of the instructional space need.
3. The steps taken to identify available locations, and the person(s)/office(s) contacted in each step.
4. The reasons why available alternate locations are unacceptable.
5. The person(s) with whom negotiations were made for reassignment of the facility, and the reasons why a mutual agreement could not be reached.

The Provost or designee will review the written appeal and will make a final decision within five working days of receipt of the appeal. The final decision will be communicated in writing to the appellant (email is considered an acceptable written form for communicating the decision).

**6.3 Scheduling of Non-Instructional Controlled Access Space** Priority scheduling of non-instructional controlled access space is coordinated by the University Reservation Office in April of each year; and covers requests for events occurring the next fall term through the end of the next summer. Scheduling is completed based on the following criteria:

1. Attendance appropriate to the facility
2. Preference to recognized student organizations in University Center facilities
3. Catered events given priority in dining areas
4. Events having extensive technical needs (Projection, Sound System, Lighting Control, Multiple Computers, etc..)
5. Historical experience with the groups as to changes made on requests, cancellations, no shows, condition of facility after event, and policy. After priority scheduling is completed and confirmed to scheduled event sponsors, reservations for controlled access space are made on a continuous basis, based on the above criteria and space availability.

### 6.3.1 Conflicting Space Requests

If there is a request to reserve Non-Instructional Controlled Access Space that has already been assigned to another party (e.g, instructor, department, group, organization), and the requestor is not able to identify an available alternate location or is reluctant to accept an alternate location, the requestor will contact the party that has the instructional space reserved to attempt to negotiate a mutually acceptable agreement for use of the facility. If a mutual agreement is reached, the party that has the space reserved will contact the University Reservation Office Scheduler and authorize a change so that the University's student information and University centralized room reservation systems can be updated. If a mutual agreement cannot be reached, the requestor should follow the appeal guidelines outlined in Section 6.3.2.

### 6.3.2 Appeal Process for Resolution of Conflicting Non-Instructional Space Requests.

The Division Head(s) or his/her designee(s) will be the final authority for making non-instructional space assignment decisions. A written appeal must be filed with the Division Head(s) (or designee(s)) and must include:

1. Contact information (name, office location, phone, email) for appellant and the individual/department/office that has the space reserved.
2. A detailed description of the instructional space need.
3. The steps taken to identify available locations, and the person(s)/office(s) contacted in each step.
4. The reasons why available alternate locations are unacceptable.
5. The person(s) with whom negotiations were made for reassignment of the facility, and the reasons why a mutual agreement could not be reached.

The Division Head(s) or designee will review the written appeal and will make a final decision within five working days of receipt of the appeal. The final decision will be communicated in writing to the appellant (email is considered an acceptable written form for communicating the decision).

## 7.0 SPECIAL REQUIREMENTS FOR FACILITY USE

Special events may require additional requirements to be met and arrangements to be made prior to the event. Such events must adhere to the University Special Events Policy, which can be found in [Appendix M. \(/policies/special-event-policy\)](#)

## 8.0 CHARGES FOR FACILITY USE

### 8.1 Determination of Charges

**8.1.1** The conduct of classroom instruction, research/scholarly activities and/or university administrative operations by university departments/units will ordinarily be allowed in facilities that are fully state-funded (GPR) without charge. Charges may be assessed for set up, other modifications to the facility to accommodate an event, or usage outside normal building hours.

**8.1.2** Recognized organizations or university departments/units conducting activities relating specifically to their purpose or sponsoring events related specifically to their purpose will normally not result in a facility use charge for any University facility, except as specified in Section 8.1.4. Charges may be assessed for set up, other modifications to the facility to accommodate an event, or usage outside normal building hours.

**8.1.3** Faculty and staff using university facilities to conduct outside activities must reimburse costs incidental to the use of the facility and may be required to pay a facility use charge as defined by Institutional Policies in accordance with UWS 8.025(3).

**8.1.4** Recognized organizations or university departments/units conducting or sponsoring events that generate revenue to cover costs of the program and/or to raise funds for the organization will normally be assessed facility use charges. Situations when non-assessment of facilities charges will be given consideration include: events that are being conducted primarily for the benefit of the campus community, community service events or activities that are determined to be a core mission activity, and others considered on a case-by-case basis to have a direct benefit to the university. In addition, costs incidental to the use of the facility for such events must be reimbursed. Determination of exceptions to being assessed a facility use charge will be made by the Building Supervisor for PR buildings and by the Vice Chancellor for Administrative Affairs for GPR buildings. The Vice Chancellor will consult with the Facilities Use Advisory Committee and others as appropriate if there is an appeal to the decision to assess a facility use fee.

**8.1.5** All non-university organizations, entities or activities must be sponsored by a recognized organization or university department/unit to utilize university facilities. Facility use charges will be assessed to that organization or entity in accordance with 8.1.4 above.

**8.1.6** Extramurally funded projects/programs must reimburse the university for costs incidental to use of a facility and may be required to pay a facility use charge unless the indirect costs of the project/program are fully reimbursed at the federally negotiated rate.

## **8.2 Facility Use Charges & Costs Incidental to Facility Use (<http://www.uww.edu/uwwhdbk/Policies/FacilityUse.htm#H>)**

**8.2.4** Costs incidental to the use of a facility may include set up, clean up, security, damages, and above normal staffing for any purpose during or outside of regular operating hours. Direct pay to any university staff is prohibited.

### **8.3 Accounting of Funds Collected**

**8.3.1** All funds collected through the implementation of this policy are to be placed, as appropriate, in program revenue facility accounts, or in the Central Facility Utilization Account(s) if GPR facilities are rented.

**8.3.2** Funds from the Central Facility Utilization accounts will be accounted for and used in the following ways:

1. Funds will be identified with the facility that generated them.
2. Facility use receipts from the use of GPR facilities may be used to replace equipment, repair damages and to make renovations in GPR facilities.

## **9.0 Policy Review**

The University Facility Use Advisory Committee shall review the University's Facility Use Policy annually, prior to November. The Office of Financial Services will initiate the review, update the rate schedules, and make recommendations prior to the Advisory Committee meeting. Members of the unclassified staff are free to engage in outside activities, whether or not such activities are remunerative or related to staff members' fields of academic interest or specialization. However, no member of the unclassified staff may engage in an outside activity if it conflicts with his or her public responsibilities to the university of Wisconsin system or the institution at which the unclassified staff member is employed.

## 2. Reportable outside activities

(a) The following outside activities must be reported to a staff member's dean, director or other appropriate administrator.

1. Associations with organizations, as defined in s.UWS 8.02 (3) and (12), related to staff members' fields of academic interest or specialization;
2. Private remunerative relationships between staff members and non-governmental sponsors of university research for which the staff member is a principal investigator; and
3. Remunerative outside activities in a staff member's field of academic interest or specialization, including but not limited to consulting, and whether the staff member is a principal investigator; and

(b) Each unclassified staff member engaging in outside activities reportable under this section shall annually, on or before April 30, file a report of outside activities with his or her dean, director or other appropriate administrator.

(c) If, during the year, significant changes in a staff member's reportable outside activities occur, the staff member shall immediately inform, in writing, his or her dean, director or other appropriate administrator. This information shall be placed on file with the staff member's annual statement of outside interests.

## 3. Institutional policies

The unclassified staff members of each institution, with the approval of the chancellor, shall develop policies and procedures which shall, at a minimum, provide:

- (a) Standards concerning the use of university facilities and personnel in connection with outside activities;
- (b) Standards concerning absence from regular duties for the purpose of engaging in outside activities;
- (c) Guidelines identifying types or categories of outside activities which may result in a material conflict of interest; and
- (d) For such reports of anticipated outside activities as are necessary to insure compliance with s.UWS 8.04.

## 4. Reports public

Information required to be reported under this section shall, unless otherwise privileged by law, be a matter of public record.

*Note: This section addresses outside activities. Several explanatory points provide relevant background:*

1. *The section addresses matters heretofore handled under UWS 7 and 14, which are accordingly repealed. This change in the scope of UWS 8 was made in response to legislative suggestion.*
2. *The rule recognizes the right of unclassified staff members to engage in outside activities, whether or not the activities are remunerative or related to staff members' fields of academic interest. However, in order to assure that such activities do not conflict with staff members' responsibilities to the university of Wisconsin System, or the institution at which the staff member serves, the rule provides that certain types of activities must be reported to staff members' deans, directors or other appropriate administrators. These reportable outside activities include associations with organizations related to staffmembers' fields of academic interest or specialization, certain private remunerative relationships between staff members and non-governmental research sponsors, and remunerative outside activities in staff members' field of academic interest or specialization and whether the staff member earns \$5,000 or more in a year from a single source. The language retains the requirements currently in UWS 7 and 14 that institutions develop policies to regulate the use of university facilities in connection with outside activities, and adds a similar requirement pertaining to use of personnel. It provides a more explicit requirement for institutional development of standards on absence from university duties, and for reports on outside activities which staff members anticipate they will perform during the academic year.*
3. *Guidelines and suggestions will be provided to institutions for implementation of the Regent rule. These guidelines would include examples of standards concerning use of university facilities and absence from university duties that might be adopted under UWS 8.025 (3) (a) and (b); categories or types of activities which might present a material conflict of interest under UWS 8.025 (3) (c); reporting procedures under UWS 8.025 (4); and other relevant information.*
4. *The rule incorporates and codifies the result of litigation between the Madison Capital Times and the UW-Madison. That case, decided in Dane County Circuit Court in the spring of 1983, held that UW-Madison reports of outside activities required under UWS 7 and 14 were records open to public inspection. This section continues the existence of the reporting requirements (UWS 8.025 (2)) and declares the public nature of the reports (UWS 8.025 (4)), except in those instances where other legal principles establish a privilege for the information contained therein.*
5. *UWS 8.025 (1) indicates that the Regents' purpose is not to dictate the financial or topical terms of outside activity but to ensure that it does not present conflicts of interest or time with university duties. (See also Note to UWS 8.01 (3)).*
6. *Forms required under this section for the reporting of outside activities may be obtained from the Office of the Secretary to the Board of Regents, Room 1860 Van Hise Hall, 1220 Linden Drive, Madison, Wisconsin 53706, at no charge.*
