

Mentor-Student Agreement

The goal of this agreement is to set objectives for our mutual effort. It is mutual in that both parties should benefit in satisfaction and happiness.

We are voluntarily entering into a mentoring relationship that we expect to benefit both the University of Wisconsin-Whitewater and us. We want this to be a rich, rewarding experience and understand that setting some ground rules will help. We fully understand that either the mentor or the student can elect to end the relationship on a no-fault basis for any reason or no reason.

Ground rules for our successful partnership:

We will work to establish trust, confidentiality and candor.

We will manage our own expectations and responsibilities as partners.
