

SAMPLE Four-Year Plan

ART BA- Graphic Design Emphasis

FALL 2020 Requirements

The curriculum in the BA-Art with a Graphic Design emphasis degree is somewhat flexible in that there are some required sequences, while it also allows students to move through other coursework in many ways. This four-year plan illustrates one possible pathway an incoming freshman student could take to complete a degree in four years. This is not an official document and is not the only way that a BA-Art with a Graphic Design emphasis degree can be completed in four years. Current students should refer to their individual Academic Advising Report for specific graduation requirements.
