CFA® Program Student Scholarship Overview

CFA Institute scholarships are part of our commitment to promoting the highest standards of ethics, education, and professional excellence. Our scholarships help make the CFA charter more attainable and give more people an opportunity to advance their career.

The **University Affiliation Program** consist of academic institutions that embed a significant portion of the **CFA Program Candidate Body of Knowledge (CBOK)**—including the **Code of Ethics and Standards of Professional Conduct**—into their curriculum.

An Affiliated University signals to their students and to employers that their curriculum is closely tied to the practice of investment management and is helpful to students preparing for the CFA® Program exams.

As a student enrolled at an Affiliated University you can apply for a CFA Program Student Scholarship. These scholarships are awarded by the Principal Contact (PC) at your university at their discretion. Some may have **additional qualifications and requirements** as part of a complete scholarship application. It is your responsibility to ensure you attach these before submitting your scholarship. In some cases, there may be more than one PC at an Affiliated University. If you are not sure who your university's PC is, please contact our Global Contact Center at info@cfainstitute.org or **by phone**.

- Be enrolled at an affiliated university.
 - You are not required to be enrolled in the affiliated degree program to apply.
