### Option 1: I do not want additional federal loans

### Option 2: I am currently in my three-year discharge monitoring period and I do wish to receive additional loans

I am still in my three-year discharge monitoring period and wish to request additional loans. I understand that I must obtain and submit to the Financial Aid Office a physician's statement that states I have the ability to engage in substantial gainful activity. My signature in this section indicates my understanding that:

I am in my three-year discharge monitoring period and I understand that any new federal loan I receive can't later be discharged for any present impairment unless it deteriorates so that I am again totally and permanently disabled. I also understand that I must also resume payment on previously discharged loans (and must provide proof of this to the Financial Aid Office) before receipt of the new loan or TEACH grant.

**Option 3: My three-year discharge monitoring period has ended and I do wish to receive additional loans**

My three-year discharge monitoring period ended on \_\_\_\_\_ and I wish to request additional loans. I understand that I must obtain and submit to the Financial Aid Office a physician’s statement that states I have the ability to engage in substantial gainful activity. My signature in this section indicates my understanding that:

I am past my three-year discharge monitoring period, I have confirmed with my loan servicer that if I take out additional loans my previously discharged loans will not be reinstated (enter repayment), and I understand that any new federal loan I receive can’t later be discharged for any present impairment unless it deteriorates so that I am again totally and permanently disabled. If I am incorrect regarding when my three-year discharge monitoring period ended, I understand that my previously discharged loans will be reinstated and I will be required to reenter repayment on those loans.
