

2024-2025 VERIFICATION OF SUPPORT WORKSHEET

On the Free Application for Federal Student Aid (FAFSA), you indicated that you have a child or other dependent that receives more than half their support from you. The Financial Aid Office must verify that your child/dependent receives more than half of their financial support from you and not from others, such as your parents or the child's other parent. In order to verify this, we need more information from you. Please complete the following worksheet and return it to the Financial Aid Office. (Note that if the only qualifying reason for which you are considered Independent is that you have a child who receives more than half of their financial support from you **and you still live with and are supported financially by your parents**, you will be required to include parental information on the FAFSA.)
