

GRADUATE COUNCIL MEETING MINUTES

February 1, 2024

PRESENT: Corey Davis, Un Chae Chung, Rylee Carpentier, Praveen Parboteeah, Todd Loushine, Alana Platt, Andy Ciganek, Arjan Premti, Andy Dahl, Avishek Bhandari, John Smith, Russ Kashian, Lynn Gilbertson, Nicole Weber, Ola Bamgbose, Karla Saeger, Wade Tillett, Shannon Stuart, Lindsey Greviskes, Lucy Heimer, Hien Nguyen, Kristen Prock, Rebecca Groves

ABSENT: Heather Rasmussen, Denise Roseland, Alison Stangler, Kris Curran, Christine Neddenriep, Jessica Lauer

GUESTS: Angela Harlan, Kristin Plessel, Andrea Ednie, Paul Waelchli, Matt Winden, Abbie Windsor, Heather Chermak

PRESIDER: Matt Vick

*Previously notified.

The February 1, 2024 meeting was called to order at 2:15 p.m. by Dean, Matt Vick

I. Approval of Minutes from the January 4, 2024 Meeting
Andy Ciganek moved to approve. Alana Platt seconded and motion passed.

II. **Announcements**

1. The spring deadline for Graduate Research Grants is February 15, 2024
2. The deadline for Grad teaching award nominations (one per college) is March 1, 2024
3. Meeting on February 9, 2024 at 10 on Zoom with Advantage Design Group
4. **Financial Value Transparency Framework -- not to be confused with Gainful Employment rules**

The Biden administration is updating existing Gainful Employment rules that apply to certificate programs at for-profit, public, and non-profit private institutions. Graduate certificates and post-baccalaureate programs will be covered by this updated regulation.

Separately, they are introducing new regulations called the Financial Value Transparency Framework which will apply to **every degree program** at public and non-profit private universities.

Under the new regulation, all degree and certificate programs will be evaluated on a debt-to-earnings ratio. Institutions will be required to report the cost of attending a degree or certificate program, and financial aid offices will be required to report how much students typically borrow (federal and private loans).

Using IRS records, the government will calculate the median earnings of alumni **3 years after graduation**.

All of this information will be made public via a government website. Universities will be required to direct potential students to this information before enrollment.

III. **Information Only**

Corey Davis moved to receive and record the special course. Alana Platt seconded and motion was passed.

1. ACCOUNT 696 AI, Machine, and Deep Learning in Accounting was approved for fall 2024

IV. **Business Items**

A. **College of Arts and Communication**

N/A

B. **College of Business and Economics**

N/A

C. **College of Education and Professional Studies**

E. **Catalog Updates**

1. Graduate Catalog Home (See attachment)
Council members discussed changes, which will be voted on during March council meeting.

2. Graduate Policies (See attachment)
Council members discussed changes, which will be voted on during March council meeting.

Praveen Parboteeah moved to adjourn. Kristen Prock seconded and motion passed. Meeting adjourned at 3:32pm.

Respectfully submitted,

Ruth Peterson
Secretary

Until the early 1960s, the University of Wisconsin-Whitewater had only offered undergraduate degrees. In response to societal needs for greater specialization and increased education in the professional work force, graduate programs were initiated at UW-Whitewater in the early 1960s. ~~Since then, UW-Whitewater has granted over 17,000 master's degrees. It is presently the third largest graduate school in the UW System with 1,695 more than 1700 students enrolled during the fall of 2021-2022.~~

Formatted: Highlight

Master's degree programs are available in business, communication, computer science, education, and human services professions. An extensive program of ~~evening and~~ online classes is offered for those who are employed during the day. It is possible to complete some master's degree programs through summer and evening work without being a full-time student during the academic year. Beginning in the fall of 2014, UW-Whitewater began offering the first Doctorate of Business Administration degree.

General Information (Graduate)

Your Responsibilities as a Student

UW-Whitewater Communication via email

UW-Whitewater uses e-mail to communicate with students on many important matters such as their tuition billing. The university automatically assigns each student an official UW-Whitewater e-mail account when you enroll. You are responsible for knowing and, when appropriate, acting on the contents of all university communications sent to your [UW-Whitewater e-mail account](#).

Commented [HAK1]: Added link.

Keep Your Mailing Address Up to Date

To receive important information, be sure your current addresses are update.

- Mail Address - update via WINS
- Home Address - update via WINS
- Residence Hall Address - contact Residence Life Office
- Billing Address - contact Student Financial Services

Check Your Schedule

After registering, students should print a copy of their WINS class schedule and verify enrollment. Corrections to your class schedule must be made in WINS by published add/drop deadline(s) to avoid academic and/or financial penalties. Nonattendance does not exempt you from such penalties.

Academic Advising Report (AAR)

To be eligible for a graduate AAR, you must be admitted to a graduate degree program. You are required to meet all degree requirements in effect at UW-Whitewater at the time of declaration of your current major.

Are You Graduating This Term?

If you expect to complete your degree in the fall/spring term, you must complete a Graduation Application in ~~the School of Graduate Studies~~ [graduate student](#) WINS. You are also required to pay the graduation fee even though you may elect not to participate in the commencement exercises. Contact the School of Graduate Studies for the application.

Registration Information for Students

Registration is based on the number of cumulative credits that students have completed and earned (credits in progress do not count). To find your earliest date and time to register, sign in to WINS and look under **Enrollment Dates**. **If you have a registration hold, it must be cleared**

Formatted: Font: Bold

by the office that placed it before you will be able to register for classes. Use the on-line, web-based [WINS](#) system to register for classes.

Students who enroll in classes with UW-Whitewater have certain financial obligations and are responsible for knowing and abiding by all UW-Whitewater regulations, procedures, and academic calendar dates as stated in the term [Schedule of Classes](#) and the [Graduate Catalog](#). Deadlines for adding and dropping classes, changing class grading bases and withdrawing from the university are published as part of the [Schedule of Classes](#). Students must adhere to the deadlines to take advantage of tuition/fee refunds and to avoid academic consequences. Nonattendance does not exempt students from their financial and academic responsibilities.

~~UW-Whitewater uses e-mail to communicate with students on many important matters such as tuition billing (e.g., bills are sent only to the student's UW-Whitewater email account, they are not sent through postal mail). Students are responsible for knowing and, when appropriate, acting on the contents of all university communications sent to their [UW-Whitewater e-mail accounts](#).~~

Problems associated with accessing WINS or student email accounts can be addressed by the [ITS HelpDesk](#).

or satisfy one of the following:

- o have earned a bachelor's degree from an English-speaking country.
- o **have attended a U.S. college or university continuously for more than one year or have a completed U.S. undergraduate degree.**

Formatted: Highlight

- o have received an undergraduate degree from a foreign institution where English is the language of instruction.
 - o have resided and worked in the U.S. for more than one year without being a student.
12. Send a completed **Certification of Finance form** to the School of Graduate Studies to demonstrate that there is adequate financial support available during the planned period of study. **Forms are located at <http://www.uww.edu/gradstudies/>.**

Reactivation

Applicants who do not enroll in graduate course work at UW-Whitewater within **a one** calendar year of the beginning of the term for which they were admitted, and students who have not enrolled in graduate course work within a calendar year are considered inactive. Inactive students and students who have completed their degree programs must update and reactivate their files by completing a reactivation form before they will be eligible to register for graduate courses. Forms are available **at on the School of Graduate Studies website.**

Transfer of Credit

All course work, **with the exception of up to twelve units or 40% of the units required for a program, whichever is lower,** must be completed at UW-Whitewater. Graduate programs can choose to have more restrictive policies and have discretion in determining which transfer courses they accept toward degree requirements. Additional course work taken at other institutions may allow specific program requirements to be waived; however, no more than twelve transfer units may be applied towards the unit requirements of a degree program. Some specific consortium arrangements between UW-Whitewater and other institutions may allow more than twelve units to be completed at the participating institutions.

Units for a course completed at another institution may be transferred to UW-Whitewater and applied toward a graduate degree provided:

1. the institution offering the course is regionally accredited at the graduate level,
2. the course appears as a graduate course on the student's graduate transcript from the institution offering the course,
3. the course is applicable toward a graduate degree at the institution offering the course,
4. the course is appropriate for the student's proposed graduate degree program at UW-Whitewater,
5. the course is not a correspondence course, nor was it taught in a format less rigorous than that for UW-Whitewater courses, and
6. the student earned a grade of at least B (3.00) for the course (B- is less than a 3.00 and will not be transferable). All requests to apply course work taken by a student prior to being accepted into a degree program at UW-Whitewater toward the degree requirements must be included in the application for admission to the degree program.

Students who have already been admitted to a degree program here and who wish to take a course at another institution and have it transferred to UW-Whitewater, must obtain permission prior to enrolling in the course. Forms for this prior approval are available **on the School of**

Questions for the comprehensive examination for the master's degree may be included from courses accepted in transfer to UW-Whitewater. Students should contact their degree program coordinator about this matter.

The twelve-unit limit on courses taken prior to program admission does not apply to changes in emphasis within any of the degree programs.

Application Deadlines

Applications will not be processed until all of the above credentials have been received. All application material (including transcripts and other material that may be required) must be received at least 45 days prior to the start of classes to guarantee consideration for admission for a given term.

In general, all persons who hold a bachelor's or advanced degree from a regionally accredited school may register in graduate-level courses for graduate credit. Proof of a bachelor's or higher degree is required.

Students may be admitted to a graduate degree program either in good standing or on a contingent basis. The admission status (e.g., "good standing" vs. "contingent") of all applicants from baccalaureate-granting institutions that don't employ traditional grading systems will be left to the judgment and recommendation of the graduate program to which the student is applying. Certain other special categories are established for persons not attempting to complete a degree at this institution. These special categories are "noncandidate for degree" and "guest transfer of credit."

Effective fall 2007, individuals who have earned bachelor degrees created in accordance with the European Higher Education Area (i.e., Bologna Process), or earned bachelor degrees from institutions engaged in a formal agreement with the University of Wisconsin-Whitewater, will be considered admission eligible providing their academic performance in completing that degree is emblematic of future success in a graduate program (i.e., eligible to be admitted in "good standing").

Effective Fall 2017, individuals who have earned a 3-year bachelor's degree from a non-Bologna process (European Higher Education Area) university will be considered admission eligible upon satisfactory completion of an approved Master's Bridge program.

Noncandidate for Degree (NCFD)

Persons who hold a bachelor's degree or a graduate degree from a regionally accredited college or university but do not wish to be admitted to a graduate degree program are classified as NCFD students. This category allows the student to enroll in graduate level courses and to receive graduate credit for this work. Departments and colleges reserve the right to restrict NCFD students from their courses.

Before attempting more than 12 units as an NCFD, a student is encouraged to file an application for a degree program. Acceptance of any course work toward a graduate degree, including course work completed as an NCFD student, is at the discretion of the department. Because a graduate degree requires that the student complete a program of courses planned in consultation with an [adviser/advisor](#), generally two-thirds or more of the course work must be completed after formal admission to the degree program. Consequently, a maximum of twelve units taken prior to admission to the program may be applied toward the completion of a degree.

- [Additional Criteria](#)

At the discretion of the individual degree programs, the following options are available to students completing a master's degree:

- **Comprehensive examination option.** A minimum of 30 **credit** hours of course work, including a comprehensive examination.
- **Thesis option.** A minimum of 30 **credit** hours of course work, including a thesis taken for one to six units.
- **Applied research project option.** A minimum of 30 **credit** hours of course work, including completion of an applied research project course for one to six units.
- **Capstone experience.** A minimum of 30 **credit** hours of course work, including completion of a capstone experience documented through a portfolio or similar assessment tool.
- **Course work option.** A minimum of 36 credit hours of course work.

Formatted: Font: (Default) Times New Roman, Highlight

Degree programs may set additional requirements for any of these plans. Students should check with their degree program coordinator for the options available and for the requirements within each option.

Formatted: Highlight

When options exist, students should consult their **advisor** early in their studies to determine which capstone experience best meets their needs. A thesis may be advised for those who wish to seek depth in an academic area, while those who prefer a breadth of knowledge may select comprehensive examinations.

<http://www-public.courseleaf.com/graduate/graduate-school-policies-procedures-university-information/graduation-requirements/#comprehensiveexamtext>

- [Comprehensive Exam](#)

Comprehensive Exam

Students must complete a minimum of 30 **credit** hours of graduate course work and pass a comprehensive examination in the major or emphasis field under the comprehensive examination option. Examinations may be written and/or oral at the discretion of the degree program. Written examinations are intended to take approximately six hours to complete. Questions may cover any graduate work done in the major or emphasis, including units transferred from other institutions.

Comprehensive examinations are administered once near the end of each term. In general, students may not take the examination until during or after the final term of their course work. Exceptions may be made for students who have a practicum or a semester of student teaching remaining. To be eligible to take the examination, students must have cleared all pending incomplete (I) and **in progress (IP)** grades and must be in good standing with at least a 3.00 grade point average in the graduate level credits earned in the degree program and in the emphasis area.

Formatted: Highlight

Comprehensive examinations are graded either “passed” or “failed.” Students who fail the examination may retake it after completing additional work, as designated by those administering the examination, in a subsequent term. Students may retake comprehensive examinations at most twice after an initial failure and after the required additional work has been completed following each failure. Specific programs may have more stringent rules.

<http://uwv-public.courseleaf.com/graduate/graduate-school-policies-procedures-university-information/graduation-requirements/#thesistext>

- [Thesis](#)

Thesis

The thesis option requires a minimum of 30 units of graduate course work including a thesis for which up to six units may be earned and applied toward the completion of course and credit requirements in the degree program. Because a thesis is a culminating experience for a degree, only students electing the thesis option within a degree program may register for 799 Thesis Research. Students wishing to pursue significant research projects outside of the thesis requirement for a degree may register for 798 Individual Studies. Students electing to write a thesis in a degree program must formally enroll and pay fees for at least one credit of 799 Thesis Research. Enrollment and fee payment for 799 Thesis Research is done only once even though the thesis may require more than one term to complete. With the **adviser's advisor's** permission, in succeeding terms students may increase the number of thesis units up to the maximum of six by submitting a revised thesis proposal form, then adding and paying for the additional units.

Formatted: Highlight

Theses vary in type, style, length, and content. They range from research projects to art exhibits. A thesis, however, must involve enrollment in 799 Thesis Research, an oral examination on the thesis, and the filing of the thesis in the Andersen Library. A thesis, including an art show, must have abstracts and are expected to contain evidence of research on the part of the student and must be submitted in a form and quality specified by the School of Graduate Studies. These standards and guidelines are available **at the from the School** Graduate Studies ~~Office~~. Unless a department informs the ~~Office~~ **School** of Graduate Studies in writing that it has adopted some other style manual, theses should be prepared according to the most current edition of the Publication Manual of the American Psychological Association. A PDF copy of the thesis and its abstract must be submitted to the School of Graduate Studies ~~Office~~ by the end of the term in which the student plans to graduate. **The Library has a copy of Adobe Acrobat accessible that students can convert their thesis from Word to PDF.** Degrees are not conferred until these requirements have been met.

Formatted: Highlight

Formatted: Highlight

Formatted: Highlight

Formatted: Highlight

Students also must pass an oral examination over their thesis administered by an appointed thesis committee. The oral examination will be held in an open meeting, announced at least one week prior to the examination. A student's committee will consist of a minimum of three persons, two of whom, including the committee chairperson, must have graduate faculty status. Committee members may be brought in from outside the faculty of the degree program. The majority of the

thesis committee members must sign the signature page of the thesis, signifying acceptance by the committee of the thesis.

The thesis committee chair's signature signifies successful completion of the oral examination.

In general, students may not take the oral examination until the term in which they expect to graduate. To be eligible to take the oral examination, students must have cleared all pending incomplete (I) and in progress (IP) grades except for thesis research, and must be in good standing with at least a 3.00 grade point average in the graduate level units earned in the degree program and in the emphasis area.

Formatted: Highlight

All 799 Thesis Research courses are graded on a pass/fail (S/F) basis. A grade of pass (S) for 799 Thesis Research is not awarded until the oral examination is passed and the thesis is filed in with the School of Graduate Studies Office.

Formatted: Highlight

A student who switches from a thesis option must have a revised program completion plan approved by the program coordinator. The School of Graduate Studies Office will then initiate a late drop or retroactive withdrawal, dropping any existing 799 Thesis Research units which show a grade of in progress (IP). A withdraw (W) grade will be recorded.

Graduate Policies

- [Overview](#)

In addition to the graduate school academic requirements and policies, it is the prerogative of each graduate degree program to impose more stringent requirements. A graduate student is responsible for meeting all degree requirements in effect at the University of Wisconsin-Whitewater during the term for which the student is admitted into the current degree program unless the student's attendance at UW-Whitewater is interrupted by an absence of four or more consecutive academic sessions (including summers), in which case upon reentry, the student will be subject to the requirements in effect at that time.

General graduate school academic requirements and policies (contained in this section) may be changed by the actions of the Graduate Council. Each graduate student is responsible for adhering to all current graduate school policies. Students are apprised of updated graduate policies through the schedule of classes. Information about changes in general graduate school policies is also available [at on the http://www.uww.edu/gradstudies/School of Graduate Studies website](http://www.uww.edu/gradstudies/School of Graduate Studies), or by contacting the School of Graduate Studies Office.

Undergraduate courses, including those taken to make up deficiencies in background or in supervised teaching, will not be counted toward the number of graduate units required for a degree. Undergraduate courses may not be used to satisfy master's degree requirements for any graduate degree or certificate, and graduate courses may not be used to satisfy undergraduate requirements at UW-Whitewater. Up to 12 units of credit from graduate courses taken at UW-Whitewater may be used to satisfy undergraduate requirements at UW-Whitewater. Undergraduate programs may allow graduate courses to satisfy specific program requirements through curricular action.

The minimum required overall grade point average for graduation will be 3.00. No course in which a grade of below C (2.00) has been earned may be applied toward the completion of any degree or certificate. However, some programs may require higher standards.

During a semester, students a graduate student in good standing may register for at most 15 units, while those on probation should may not take more than 12 units. Graduate assistants must be registered register for at least nine graduate units, but no more than 12 graduate units each semester. During For the 12-week summer session, the unit restriction standard is a maximum of one unit per week for each of the three- and six-week session, with the exception that a student may enroll simultaneously in one three-week and one six-week course. During the summer term, graduate students are limited to a total of 12 units. Courses taken on an audit basis are subject to the above limits. Overload requests by graduate students must be approved by the dean of the School of Graduate Studies.

A student may not carry more than three 3 units of individual studies in a single term. Not more than four units in individual studies, not more than six units of special studies, and not more than a combined total of 9 units of individual studies, workshops, and special studies (courses numbered 69X or 79X) may be applied toward the completion of a degree. Departments retain the prerogative of allowing fewer than nine of these types of units to apply toward their respective graduate degrees.

Course Repeat

Graduate students are allowed to repeat at most two courses in their degree programs. Courses may be repeated only once. When a course is repeated, the original all attempts of the course and

the associated grades remain on the transcript; however, only the last-best grade and units earned replace the original and are the only ones will be used in computing the overall grade point average and the grade point average in the major or emphasis degree or certificate. Students who have been dropped from a degree program may not use the course repeat process to gain readmission into that degree program.

A course taken for undergraduate credit may not later be changed to graduate credit. Courses taken for undergraduate credit may not be retaken for graduate credit, although exceptions may be granted by the degree program coordinator when the field of knowledge has changed to the degree extent that the course content has changed substantially from the first time the student took the course to the present.

Degree Completion Time Limit - Masters

Students have seven years in which to complete their degree program. The seven years are measured from the beginning of the term for which they are admitted at UW-Whitewater. In the case of students transferring courses into their UW-Whitewater degree program, the seven years begins in the term of the first course to be included in the degree. These include courses completed as a non-candidate for degree student or in a prior graduate program.

International students are afforded the same amount of time, however, they need to comply with visa requirements while they are residing in the United States. Specifically, for those on F-1 and J-1 student visas, this means maintaining a full course load (generally nine units) per academic semester.

Based upon good cause, students may request an extension of this time limit. Such requests should be made in writing, should include the reasons for which the request is being made, and should be directed to the student's degree program coordinator. Requests for extensions not exceeding two additional years will be considered and acted upon by the faculty of the degree program or the degree program coordinator. Requests for extensions beyond two additional years will be considered, with the recommendation of the program coordinator, by the School of Graduate Studies and Continuing Education. Requests for extensions beyond those additional two years will be considered only in cases of extreme and unavoidable hardship; such requests must also be acted upon by the Committee on Exceptions to Graduate Policy, and must carry the endorsement of the degree program coordinator. All student requests for extensions are reported by degree program coordinators to the School of Graduate Studies Office on the appropriate form.

- [Exceptions to Graduate Policy](#)

Graduate students are responsible for meeting the terms and conditions of the School of Graduate Studies and the individual program requirements. Unusual circumstances may give rise to request specific exceptions to policy, provide grounds for filing a grievance, or provide a basis for appealing a grade. Each scenario has its own procedure.

Exceptions to the Graduate Policy

In cases where exception to graduate school policies or other regulations seems justified, a student should follow this procedure:

1. Request for specific exception to graduate school policy is presented by the student in writing to the graduate program coordinator of his/her program. This request should include clearly stated reasons that may justify an exception and should be submitted to the program at least 30 days before the term for which the request would be effective.
2. The graduate program (or academic department) will forward the student's request and the program's recommendation regarding the request to the School of Graduate Studies and Continuing Education.
3. The School of Graduate Studies and Continuing Education will convene the Committee on Exceptions to Graduate Policy for consideration of the request. (The Committee is made up of one graduate faculty representative from each of the four colleges and one graduate student representative.) Students will be notified of the Committee's decision within one week.
4. Actions by the Committee on Exceptions to Graduate Policy are binding. Decisions may be appealed to the Provost, in writing, within 30 days of the student being notified of actions/decisions. However, the Provost isn't authorized to overturn a decision made by the Committee. The Provost can only request the Committee reconsider the decision.

Requests for exceptions involving college or department policies, procedures, or other academic matters, including those that supersede graduate school policy, will be resolved by the appropriate unit within the college. Such appeals are initiated by students through their advisers/advisors. Since non-candidate for degree students are not assigned an adviser, they may appeal directly to the college or department where the problem occurred. In either case, appropriate appeal procedures will then be followed as established by the individual college or department within the college.

Full-Time Status

For the purposes of fee calculation and enrollment verification, UW-Whitewater considers a graduate student to be registered on a full-time basis when the student is enrolled in at least nine UW-Whitewater units during a fall or spring term and at least five UW-Whitewater units during the summer term.

Students in the Doctor of Business Administration program who have completed all course work with only [DBA 988](#) remaining as a requirement will be considered **to hold** Dissertator status. Students with dissertator status will be considered full-time with six units of enrollment in [DBA 988](#).

- [Grade Appeals](#)

Grade Appeals

At the University of Wisconsin-Whitewater it is expected that instructors will evaluate students regularly and consistently by criteria and guidelines presented to students at the beginning of each grading period. If a student has reason to believe the grade is incorrect, the student may act on that by taking the following steps in chronological order. A complaint which is timely and filed under any other student complaint procedure and then referred for processing under these procedures, shall be considered to have met the deadline for filing as a grade appeal. The process for filing a grade appeal is the same at the graduate and undergraduate levels, and begins with an informal process, before moving to a formal process.

Informal Process

1. Consult the instructor whose grade is being appealed. This consultation must take place within 7 calendar days of start of classes after the grading period in question.
2. If the student/instructor conference is unsatisfactory or if the instructor is unwilling or unable to participate, within 7 calendar days the student may schedule a conference with the chair of the department in which the course was offered.
3. After hearing the student's appeal, the chair will attempt to resolve the problem within 7 calendar days.
4. If this resolution is unsatisfactory, the student may then, within 7 calendar days after receiving the chairperson's response, submit a written appeal to the department's Grade Appeals Committee through the chairperson. This will initiate the Formal Appeal Process.

Formal Process

Field Code Changed

1. The appeal must be in writing and signed by the student.
2. The Department Grade Appeals Committee will (i) convene to examine the appeal, the response and render its conclusion in writing to the chair, student and instructor, within 14 calendar days of receipt of the appeal. (ii) While the Grade Appeals Committee cannot require the instructor to change a student's grade, the Committee can recommend such a change to the instructor and to the Dean in the School of Graduate Studies.
3. Should the student wish to appeal beyond the department, the student may submit the Committee findings and the basis for the further appeal to the Dean in the School of Graduate Studies, within 3 calendar days of presentation of Committee findings. The Dean will review the student's appeal and the findings of the Committee, and recommend appropriate action to the department and the instructor within 14 days of receipt of the appeal.
4. If this action is unsatisfactory to the student, a final appeal may be made to the Provost who will determine whether a change in grade is to be made within 14 days of receipt of the appeal. The Provost is the only individual authorized to change a student grade without the instructor's permission. However, the Provost may change a grade only when the faculty department committee and the Dean in the School of Graduate Studies support such a change.

Graduate student satisfaction with their educational experience remains a preeminent concern of the **Office-School** of Graduate Studies. Students who have questions, concerns or grievances about non-policy related issues are encouraged to contact the **Office-School** of Graduate Studies at 262-472-1006.
