

GRADUATE CERTIFICATE

COMMUNICATION SCIENCES & DISORDERS

“I always believed I was behind because I did not major in Communicative Disorders, but this certificate has helped me gain the knowledge and confidence required for graduate school.” *Communication Sciences & Disorders student*

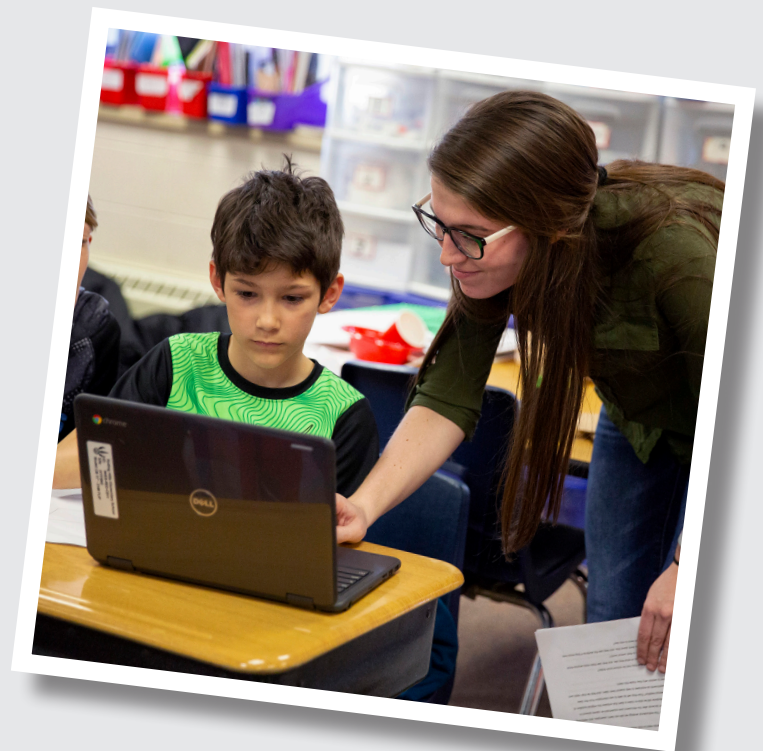

The COMDIS department offers an online asynchronous post-baccalaureate certificate for students that have earned a baccalaureate degree in any discipline other than communication sciences and disorders. This online asynchronous certificate allows a student with a bachelor's degree in another field to prepare for application to a master's degree program in speech-language pathology or audiology. Certificate courses follow a prescribed sequence for either 1 year full time or 2 year part time. Full time and part time students begin coursework in the fall semester.

Students must complete the 12 undergraduate courses below (34 credits), which are all offered online.

- COMDIS 240: Hearing and Speech Science
- COMDIS 272: Phonetics and its Related Processes
- COMDIS 278: Anatomy and Physiology of Human Communication
- COMDIS 380: Speech and Language Development in Children
- COMDIS 385: Fluency
- COMDIS 486: Voice and Resonance
- COMDIS 371: Introduction to Clinical Practicum in Communicative Disorders
- COMDIS 426: Neural Bases of Speech and Language
- COMDIS 477: Disorders of Speech Production
- COMDIS 481: Language Disorders in Children
- COMDIS 482: Audiometry
- COMDIS 484: Aural Rehabilitation

Optional Course

- COMDIS 485A: Professional Development Seminar
