

Accounting Courses

(ACCOUNT)

ACCOUNT 651

Tax I 3 u

This course examines federal income tax laws and regulations with a specific emphasis on the individual taxpayer, particularly employees and sole proprietors. This course includes an overview of current taxation proposals, a discussion of practical problems in tax planning, and practice in the preparation of individual tax returns. Tax research on related issues is also included.

Prereq: ACCOUNT 244, ACCOUNT 701, or consent of department.

ACCOUNT 656

Cost Management 3 u

This course presents an overview of basic cost measurement principles and an in-depth examination of product costing procedures and techniques including process costing, job-order costing, activity-based costing, accounting for spoilage, and standards and variances (cost, expense, revenue, and selected variance investigation models). This course also includes the following specific cost allocation topics: joint products, byproducts, and service departments. Special emphasis is placed on communicating accounting information to managers in a clear, concise manner.

Prereq: ACCOUNT 725M, ACCOUNT 342, or ACCOUNT 249 and consent of department.

ACCOUNT 683

International Accounting 3 u

This course examines the international dimension of accounting and financial reporting. It provides an in-depth look at multinational enterprises (MNE), including a detailed comparison of financial reporting issues in different countries. Topics include (a) international standard-setting process, (b) attempts towards harmonization, (c) foreign currency translations and accounting for changing prices, (d) international financial statement analysis, (e) managerial planning and control, and (f) international taxation and transfer pricing.

Prereq: ACCOUNT 343, or consent of department.

ACCOUNT 690

ACCOUNT 691

ACCOUNT 696

ACCOUNT 701

Accounting Foundations 2 u

This course introduces students to the principles of financial accounting, including the basic accounting cycle (i.e., double-entry accounting), financial statements (i.e., income statement, statement of financial

position, and statement of cash flows), and specific discussions of cash, trade receivables, merchandise inventories, plant assets, current and long-term liabilities, and stockholders' equity. Fundamental ratio and statement analysis techniques are also integrated throughout the course.

ACCOUNT 725

Profit Planning Takes Control 2 u

This course takes an in-depth look at the concepts and techniques of creating a firm's financial plan. Emphasis is on analysis of costs so as to predict future patterns, forecasting of sales, production costing, cash, and other components, while stressing the need for profitability analysis and evaluation of management performance.

Prereq: ACCOUNT 701 or ACCOUNT 422

ACCOUNT 748

Financial Statement Analysis 3 u

This course investigates the role and value of accounting information for users as they make business decisions. It includes a review of the generally accepted accounting principles and assumptions underlying the basic accounting model that generates the financial statements. Course focuses on the interpreting and analyzing financial statements to assess (a) historical trends and patterns, (b) short-term liquidity and long-term solvency, (c) profitability and operating performance, and (d) capital structure and asset utilization. Additional topics include the effects of alternative accounting methods, specialized industry analysis (e.g., banks, insurance, and utilities) and earnings quality and earnings management.

Prereq: ACCOUNT 343, or FNBSLW 718, or consent of department.

ACCOUNT 749

Assurance Services and Systems Engagements 3 u

This course focuses on services provided by accounting professionals. Selected topics may include advanced audit issues; evidence-gathering activities; internal control design and assessments; business and information technology risk analysis; analysis, design and development of modern information systems; reporting on controls and business processes; professional standards and ethical concepts.

Prereq: ACCOUNT 454 or ACCOUNT 761 and ACCOUNT 465, or consent of department

ACCOUNT 751

Governmental and Not-for-Profit Accounting 3 u

This course focuses on an in-depth study of governmental and not-for-profit accounting including state and local governments, colleges and universities, healthcare entities, and voluntary health and welfare organizations. Special topics include auditing non-profit entities, analysis of governmental financial statements, and accounting for special-purpose entities.

Prereq: ACCOUNT 261 or ACCOUNT 341

ACCOUNT 752

Advanced Financial Accounting 3 u

This course focuses on an in-depth study of (1) partnership accounting, (2) accounting for business combinations and segments of a business, and (3) international aspects of accounting. It also includes a

review of current issues related to business combinations, consolidated financial statements, and international accounting standards.

Prereq: ACCOUNT 343.

ACCOUNT 756

Corporate And Special Entities Taxation 3 u

This course examines federal income tax laws and regulations with a specific emphasis on corporations (C and S), partnerships, estate and gift taxation, income taxation of estates and trusts, and taxation of exempt entities. Both compliance and tax planning are emphasized in this course. Tax research on related issues is also included.

Prereq: ACCOUNT 651.

ACCOUNT 757

Issues In Financial Accounting 3 u

This course presents an in-depth examination of accounting theory in some of the more complex and contentious areas that have evolved into current accounting practice. Major areas include: (1) earnings per share (EPS), (2) partial operations and SEC reporting requirements, and (3) revenue recognition, including how theory is applied in cases as diverse as consignments, installment sales, and franchises. This course also covers recent pronouncements not covered in ACCOUNT 261 or 341 and ACCOUNT 343.

Prereq: ACCOUNT 343

ACCOUNT 761

Accounting And Management Information Systems 3 u

This course focuses on theory and principles underlying the design and installation of accounting and management information systems, including an in-depth investigation into internal control structures and the integration and impact of the computer on the total information system.

Prereq: ACCOUNT 244 or ACCOUNT 701, and ACCOUNT 249 or ACCOUNT 342 or ACCOUNT 725, and ACCOUNT 261 or ACCOUNT 341.

ACCOUNT 767

Forensic Accounting and Professional Ethics 3 u

This course, with a combined lecture and case approach, will provide in-depth coverage of internal control, EDP auditing, fraud detection and reporting, and the auditor's code of ethics. A component of this course will follow a readings approach covering such topics as auditing estimates, auditor independence, audit failures, and ongoing concern qualifications.

Prereq: ACCOUNT 465 or consent of department

ACCOUNT 781

Advanced Accounting Theory I 3 u

This course focuses on accounting theory at an advanced level, including the role of accounting information in forecasting, market efficiency, valuation models, and earnings management. Other topics include the development of accounting theory, positive accounting theory, accrual-based vs. case-based accounting measures, and economic consequences of accounting disclosures.

Prereq: ACCOUNT 343 or consent of department.

ACCOUNT 789

Readings And Research In Accounting 1-3 u

Study of selected contemporary areas in accounting through readings in current research and literature.

Prereq: Consent of Instructor.

ACCOUNT 790

ACCOUNT 793

Practicum in Professional Accountancy 1-3 u

This course provides students, under the direction of a faculty advisor, the opportunity to apply their theoretical backgrounds in settings ranging from internships in accounting organizations to other approved activities related to the practice of professional accountancy. A learning contract will be developed by the faculty advisor, professional supervisor (if applicable), and student that clearly delineates the expectations and responsibilities of each party involved in the practicum.

Prereq: Admission to the MPA program and consent of Instructor.

ACCOUNT 794

ACCOUNT 798

Individual Studies 1-3 u

ACCOUNT 799

Thesis Research 1-6 u

Students must complete a Thesis Proposal Form in the Graduate Studies Office before registering for this course.
