

GENCYBER CAMP

The GenCyber program provides cybersecurity experiences and exposure for 9th-11th grade students, as they increase their awareness of postsecondary and career opportunities to accomplish new levels of success.

FACULTY CONNECTION

Build long-term connections with expert faculty from the University of Wisconsin - Whitewater.

SUPPORT

Supported by the National Security Agency, the National Science Foundation, and the Department of Defense.

ACADEMICS

Virtual learning with faculty in April/May and September/October, supplementing camp experience.

CAMP DATES

JULY 13 - 18
