

What we provide:

Amazing teachers and staff from UW Whitewater that teach courses in science designed to help build students strengths in the sciences and get them curious in the world around them.

An opportunity to know what it is like to live on a college campus, have classes in the wonderful UW Whitewater facilities, and explore the campus.

A sense of community within our participants and help them build lasting friendships with one another.

Qualifications:

STEER is for students entering the 6th, 7th or 8th grade

Important Information

6 days, 5 nights

Students stay in campus housing at UW Whitewater
FREE to all participants

Fun Activities

What students and families are saying

"It was really fun learning about the college experience!"

"Best week I had in a long time and I really liked all the things that we did."

"I am proud of how all the Team Leaders treated us."

"Very awesome and informative."

"Excellent program!"

"My favorite part of the camp was meeting new friends and learning things about college and about all the other interesting things in STEM."

Classes designed to strengthen academic skills and build curiosity in the sciences

The University of Wisconsin-Whitewater is committed to equal opportunity in its educational programs, activities and employment policies for all persons regardless of race, color, gender, creed, religion, age, ancestry, national origin, disability, sexual orientation, political affiliation, marital status, Vietnam-era veteran status, parental status and pregnancy.
