ARTSTDIO 377 HD/DV DESIGN FUNDAMENTALS ... This intermediate level media design studio course expands students understanding and technical skills in art and design towards creating artistic time based, 4/D, HD original content using DV and sound effects strategies. Aesthetically important digital skills will be further developed and students will learn to design artistic solutions through practical and experimental 4/D multimedia creations techniques. Special attention is given to advancing personal expression, artistic exploration, original multimedia design an skill building. Practical 4/D application of original artwork, photo imaging, digital video compositing and sound effects in the field of art, graphic design, art performance and multimedia design in web and non-web delivery media will be addressed.

MUSC 70 PRIVATE VOCAL INSTRUCTION IN THE PRIMARY AREA ... This course is intended for students accepted as probationary music majors. Students allowed to enroll have demonstrated potential in their performing medium, but need to review the basics of playing their instrument and/or need work in some performance skills to catch up to the level of first term music major. This course counts toward the term credit load and will be computed into the grade point average. It will not be included in the credit count toward graduation. This course is not repeatable. At the conclusion of one term of "O" lessons, the student must audition to be accepted as a major in the department. A grade of "C" or lower and/or nonacceptance as a music major will be cause for the removal of the student from the program. **NOTE: Does not count toward degree.**

Section III - College of Business and Economics

LOWER DIVISION (200-LEVEL) ELIGIBILITY:

Students pursuing a Bachelor of Business Administration degree must achieve 24 credits and maintain a 2.50 GPA or better in order to take lower division business courses except BEINDP 101, ECON 201 and ECON 202. Grades received for all appropriate college courses taken at other institutions will be included in determining the student's grade point average eligibility for enrolling in business courses.

Business minors and non-business minors required to take business courses must have at least a 2.00 UW-Whitewater gpa and 24 credits completed to enroll in lower division (200-level) business courses required in the minor.

Non-business majors who are required or who may elect to take business courses in the major must have a 2.00 UW-Whitewater grade point average and must have completed 24 credits to take lower division (200-level) business courses.

UPPER DIVISION (300/400-LEVEL) ELIGIBILITY:

Students in the BBA curriculum are not eligible to enroll in the College of Business and Economics 300- and 400-level courses unless they have 60.0 or more credits to degree, at least a 2.50 cum GPA and have been admitted to the upper division business courses. Transfer students must maintain a combined GPA (transfer and UW-W) of 2.50 to continue eligibility.

Business minors must have a 2.00 UW-Whitewater gpa and 60 credits completed to enroll in upper division (300- or 400-level) business courses. In order to graduate with a business minor, the student must have a 2.25 gpa in the minor.

S/NC grading may not be used in any business course or any BBA degree requirement unless offered on an S/NC basis only. Courses in the College of Business and Economics may not be taken on an audit basis. A course cannot be used to satisfy both a BBA degree and a major requirement.

Non-business majors who are required or who may elect to take 300/400-level business courses must have completed 60 credits and have a 2.00 UW-Whitewater gpa to take upper division (300- and 400-level) business courses.

Non-business majors who are not required to take business courses in the major may register for business courses during the first week of classes if all course prerequisites and credits completed (24 for lower division or 60 for upper division) are met, and the student has a 2.50 combined grade point average.

ADMISSION TO UPPER DIVISION BUSINESS COURSES:

When a student is projected to complete at least 54 credits and has satisfactorily completed or is enrolled in ENGLISH 101, ENGLISH 102, COMM 110, ACCOUNT 244, ACCOUNT 249 or ACCOUNT 261; BEINDP 290; ECON 201; ECON 202; ITSCM 280; MATH 143; and ECON 245, the student may apply for admission to the upper division business courses. All students with at least a 2.80 combined GPA will be admitted. Application forms for admission to the upper division business courses are completed at a registration information meeting or online after completion of an online advising exercise.

ENROLLMENT PREFERENCE in all business courses will be given to the following officially declared majors and minors:

- All BBA Majors; integrated science and business; business education; other non-business majors with business course requirements
- Minors; business minors; arts management minors; other minors with business course requirements.

SPECIAL STUDENTS Students admitted with full/complete credentials of all previous post-secondary work (SPFC) may register with the approval of the SPFC advisor (assistant dean of the College of Business and Economics) and special students without full credentials (SPNC) can register on a space available basis with the approval of the assistant dean of the College of Business and Economics, undergradbus@uw.edu, 262-472-4900.

COMMON EXAMINATIONS Certain courses have common exams during the semester when all sections will be tested at the same time. Students should not schedule other classes at those times.

GRADUATE STUDENTS Graduate students must be admitted to the MBA, or MPA, degree program, or to the Graduate Business Foundations, Human Resources Management, or Project Management certificate program to enroll in 500-700 level courses offered in the College of Business and Economics. Only DBA students can enroll in 800-900 level courses. Non-Candidate for Degree (NCFD) students cannot register for College of Business and Economics courses. Exceptions to this policy may be granted to a student enrolled in a graduate business degree program at another accredited institution that wants to transfer the UW-Whitewater course work to their non-UW-Whitewater business degree program. Exceptions must be approved in advance by the associate dean, College of Business and Economics (262-472-1945).

ONLINE BUSINESS COURSES Charges for online business courses are stated with the course listings. The charge is the same for both in-state and out-of-state students.

FNBSLW 735 BUSINESS VALUATION USING FINANCIAL STATEMENTS ... The objective of this course is to advance students understanding of how to use financial information in order to value and analyze firms. There is no major corporate investment decision that can be made without first asking and answering the question, 'what is it worth?'. The goal of this course is to build students skills and confidence in answering that question. The focus of firm valuation is on making investment decisions in real - as apposed to financial - assets. Firm valuation will acquaint students with the widely-used, yet rigorous, ideas that have revolutionized the practice of valuation of projects, divisions, and companies during the past few decades.

Section IV - College of Education

1. All students entering the pre-professional education pre-block courses, including undergraduates, transfer students, and baccalaureate degree holding students, must meet the following criteria:

[a] Passing scores on at least two subtests of the Pre-Professional Skills Test PPST;

[b] A 2.75 grade point average on a minimum of 12 credits.

2. Students seeking teacher licensure must be admitted to Professional Education in order to enroll in selected upper divisions courses (300-400) in Education. For information pertaining to admission to Professional Education, check at Winther Hall Information Desk.

3. The Wisconsin Department of Public Instruction licensure code requires all new graduates in Early Childhood and Elementary Education to complete the Environmental Education requirement. Either Biology 214, Ecology and Society, or Geography 252, Human Environmental Problems, will partially satisfy the requirement. Students should check with their advisers about the requirement.

PROFESSIONAL EDUCATION ADMISSION

For courses Restricted to Professional Education Admission: Practicing Teachers must have a copy of their teaching certificate and the application to Professional Education for Licensed Teachers on file with the College of Education (send to Winther Hall 2033, UW-W, Whitewater, WI 53190) prior to registering. Teachers seeking their first license must be admitted to Professional Education at UW-W. This is in addition to being admitted to, and enrolled in, a graduate program.

BIOLOGY 258 FIELD EXPERIENCE ... Introduction to regional terrestrial and aquatic biological communities and field techniques for studying these communities. Field work and lectures will emphasize recognition of biotic community types, interpretation of their dynamics, and methods for identifying and surveying organisms. Weekend field trip required. Registration priority given to Ecology/Field majors.

PREREQ: BIOLOGY 141 AND BIOLOGY 142 WITH A GRADE OF "C" OR BETTER; COREQ: BIOLOGY 257

#3259 Section 01 [units: 2] NOTE: Required additional course fee is \$25.00

09/04-12/11 WF 01:00 PM - 04:50 PM UH0360 Joshua Kapfer

BIOLOGY 303 BIOSTATISTICS ... Students will learn fundamentals of hypothesis formation and testing, using a variety of univariate statistical methods. Consideration of experimental design and the evaluation of research methodologies published in the biological literature are explored in detail. Students will gain practical experience with implementation of statistical analyses using real world datasets and communicating these results effectively.

CHEM 100 EVERYDAY CHEMISTRY (GL) ... A terminal course covering the basic concepts of chemistry and how they relate to our everyday lives. Chemistry concepts are covered at the particulate level and then connected to our macroscopic world. The lab provides deeper exploration and hands-on experiments. This course meets the General Education GL requirement and is designed primarily for non-natural science majors.

CHEM 251 ORGANIC CHEMISTRY ... *Introductory chemistry of the compounds of carbon, their structures and reactions. Taken primarily by chemistry majors and pre-professional students. The foundation for understanding organic reactions is established with an emphasis on bonding, functional groups, three dimensional structure of organic molecules, relationship between structure and reactivity, kinetics, and reaction mechanisms. Three hours of lecture per week.*

CHEM 252 ORGANIC CHEMISTRY ... *A continuation of CHEM 251. The goal is to further examine the structure & reactivity relationship with emphasis on reactions and synthesis. It also illustrates how structural features considered in 251, combined with organic reactions learned in 252, can be sources of insight in the overall design of natural products and synthesized materials. Three hours of lecture per week.*

COMPSCI 172 INTRODUCTION TO JAVA (GM) ... This course will give students the essentials of object-oriented programming in Java. Students will learn to formulate algorithms, to solve problems and to implement those solutions with a Java program that employs objects and classes. The student will be introduced to object-oriented design, applications and applets, class construction, methods and message passing arrays, string processing, file processing, and some event-handling and Graphical Use Interface programming. This course is designed for students with some prior programming experience.

Students will also participate in the faculty-led international academic component of the course scheduled for Panama from Dec 31st to Jan 14th 2019. Contact the Center for Global Education Coordinator: Dan Colleran (collerad@uww.edu), or the course faculty contact: Stephen Levas (levass@uww.edu) for academic requirements or for more information about the course. Applications are due to the Center for Global Education on or before Friday, April 27, 2018. The application is online at www.uww.edu/international. The majority of the estimated Faculty-led course fee, as noted on the course application, will be charged to the student's account when enrolled by the registrar within the first two weeks of the semester. The program fee will be finalized later in the semester when participants have their travel documents and the university paid all expenses on behalf of the student. The student's accounts will then be adjusted if needed. Faculty-led travel study registration is not available via WINS registration. Student participants may not add or drop a travel study course via WINS once it has been added to their academic schedule. Failure to abide by the add/drop provisions of the Faculty-led Travel Study Program could result in severe financial penalties. Students are advised to refer to the application for more information on cancellation and refund policies.

Students will also participate in the faculty-led international academic component of the course scheduled for Panama from Dec 31st to Jan 14th 2019. Contact the Center for Global Education Coordinator: Dan Collieran (collerad@uww.edu), or the course faculty contact: Stephen Levas (levass@uww.edu) for academic requirements or for more information about the course. Applications are due to the Center for Global Education on or before Friday, April 27, 2018. The application is online at www.uww.edu/international The majority of the estimated Faculty-led course fee, as noted on the course application, will be charged to the student's account when enrolled by the registrar within the first two weeks of the semester. The program fee will be finalized later in the semester when participants have their travel documents and the university paid all expenses on behalf of the student. The student's accounts will then be adjusted if needed. Faculty-led travel study registration is not available via WINS registration. Student participants may not add or drop a travel study course via WINS once it has been added to their academic schedule. Failure to abide by the add/drop provisions of the Faculty-led Travel Study Program could result in severe financial penalties. Students are advised to refer to the application for more information on cancellation and refund policies.

MATH 139 QUANTITATIVE REASONING ... A quantitative reasoning course which includes topics from college algebra (such as functions, linear, exponential and logarithmic models), statistics, and probability. Emphasizes modeling, problem-solving and applications. Designed for students whose programs do not require further coursework in pre-calculus or calculus. Appropriate for students majoring and minoring in areas such as the arts, humanities, social sciences, and education.

MATH 280 DISCRETE MATHEMATICS ... This course will supply a thorough grounding in the mathematical topics which are central to the study of computer science, and which form the basis for many modern applications of mathematics to the social sciences. Topics covered will include sets, logic, Boolean algebra and switching circuits, combinatorics, probability, graphs, trees, recursion, and algorithm analysis. Expressing mathematical ideas and writing proofs will be emphasized.

WOMENST 367 ORIGINS OF GENDER ... This course presents theory, methods and case studies examining the role of women in human societies from our earliest origins through the beginning of the modern period. The dominant discipline in this inquiry is archaeological anthropology, but relevant material from sociology, biology, history and other fields will also be covered. No previous knowledge of any one field is expected, but exposure to the social sciences is desirable. My goal for this course is that you will leave with a better understanding of the role of women in past human societies, envision some of the trajectories that have led to contemporary social formations and be able to envision how the past, present and future are connected.
